Protegent 360, The 3-tier protection. It includes laptop tracking, data security, file encryption, file leakage prevention & antivirus solution with firewall.

Software Components:

- ✓ **Locate Laptop** ✓ **Port Locker** ✓ **BitDefender Internet Security**

1. Locate Laptop – Laptop Tracking & Data Security

Laptops are mobile and are more liable to be stolen or lost. Locate Laptop™ keeps track of lost or stolen laptop's location whenever it's connected to internet, helping recovery and safeguard your data from unauthorized usage.

Feature:

- Unique WebSniff™ technology.
- Secure web page for every user to monitor - Keep a close eye on movements of person with the designated Laptop e.g. company employee.
- Reports contain information on data, time, public IP, Locate, country, state, city, ISP, Longitude, Latitude.
- Interactive steps to report a laptop theft
- Remotely launch the data encryption module on predefined sensitive files & folders
- Encrypts data even if Laptop is not connected to internet for particular period.

2. Port Locker – Stop Information & File Leaks

Port Locker prevents vital & important data to be transferred from one PC to another using Flash drive, DVD/CD writers, PCMCIA ports and Ethernet ports (Network ports).

Feature:

- Options to open single or multiple ports with authorized password.
- Block ports to prevent unauthorized access.
- Block ports when PC is idle.
- Block ports in scheduled duration.

3. BitDefender Internet Security – Secure Your Every Bit.

BitDefender Internet Security 2009 keeps your Internet-connected family safe. Superior Proactive Protection from Viruses, Spyware, Hackers, and other e-Threats... that won't slow you down! It locks out viruses, hackers & spam, while providing parental control and firewall protection.

Feature:
